Metamark Opal Haze

Premium Etch Glass Effect Films

Product Description

Metamark Opal Haze has been specifically formulated to provide a whiter, brighter, acid etched glass effect without any hint of sparkle. Suitable for many glass decoration applications, it is easy to cut and weed. Metamark's solvent adhesive system ensures trouble free application and great results. The 80 micron film and high quality release liner and adhesive provide fast cutting and easy weeding on all computerised sign making equipment. The vinyl is resistant to most mineral oils, fats and fuels, aliphatic solvents, mild acids, diesel, gasoline, paraffin, hydraulic oil, antifreeze, soap suds etc.

Typical Applications

For computer-cut etched glass effect graphics, and window manifestation.

Application Guidelines

- Suitable for wet application.
- Not suitable for use on Polycarbonate. Application between two sheets of glass is not recommended.
- Refer to www.metamark.co.uk/technical for further advice on application to glass.

Face Film		Release Liner	
Face Film: Gauge: Tensile Strength	Polymeric Calendered PVC 80 micron nominal 47N/25mm MD / 43N/25mm TD	Туре	An advanced specially treated layflat kraft paper with high internal strength and PE coating
Elongation at break	180% MD nominal	Gauge	145mym nominal
Shrinkage	-0.5% MD, -0.2% TD	Weight	140 gsm nominal
Adhesive		Finishes	
Type Weight	Permanent solvent-based adhesive 22gsm nominal	Finishes Available	M7-OH Opal Haze
Adhesion to glass 20 mins	15N/25mm nominal	Durability	
Adhesion to glass 24 hour	20N/25mm nominal		
Perceived tack	Medium	Shelf Life	1 year
Shear strength Application temperature	Medium to High +5°C to +60°C	External weathering	7 years in vertical exposure under Northern European conditions
Service temperature	-30°C to +110°C	Fire Rating	Class B. Classification compliant with BS EN 13501-1:2007
Light Transmission		Chemical Resistance	Resistant to mineral oils, fats and
Opal Haze	75%		fuels, aliphatic solvents, mild acids, salt and alkali for e.g. diesel oil, gasoline, paraffin, hydraulic oil,

Warranty: Metamark (UK) Limited warrants to its customers that completed decorative markings which utilise Metamark SignVinyl will remain in good condition without excessive fading or colour degradation for the specified life time of each material when correctly stored and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark SignVinyl becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will also, at its own discretion, contribute an allowance towards the costs involved in replacing the graphics. Please Note: The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
